

Task-5

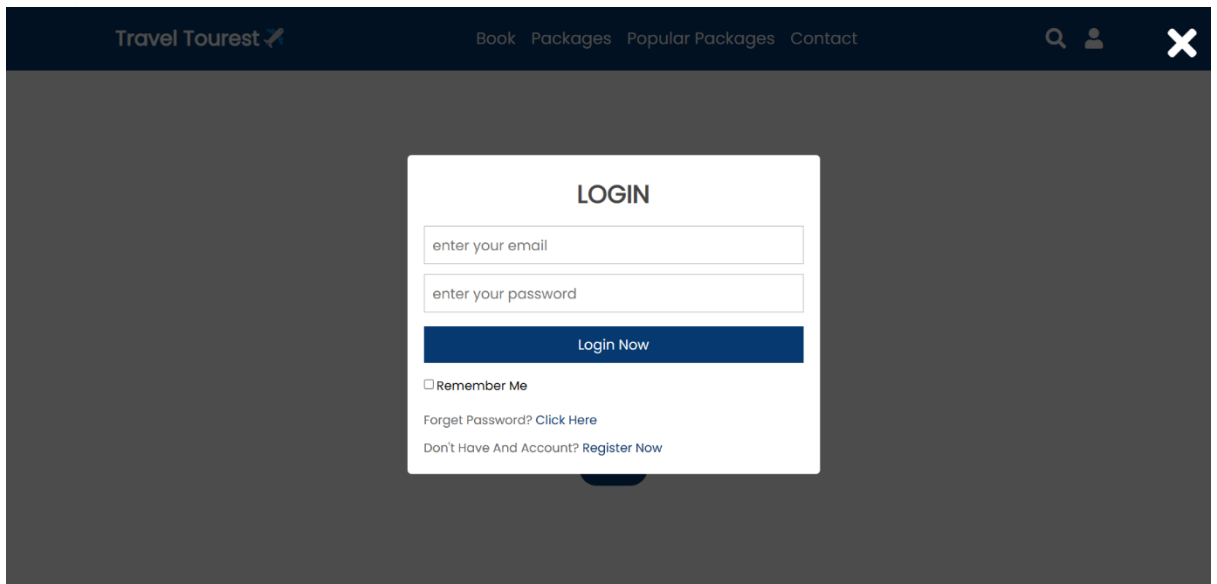

WEB APPLICATION FOR A TRAVEL BOOKING WEBSITE

- The Travel Tourist is the online booking website it consists of Book, package, popular packages and contacts
- It has the feature to login and for the new user we can also Register

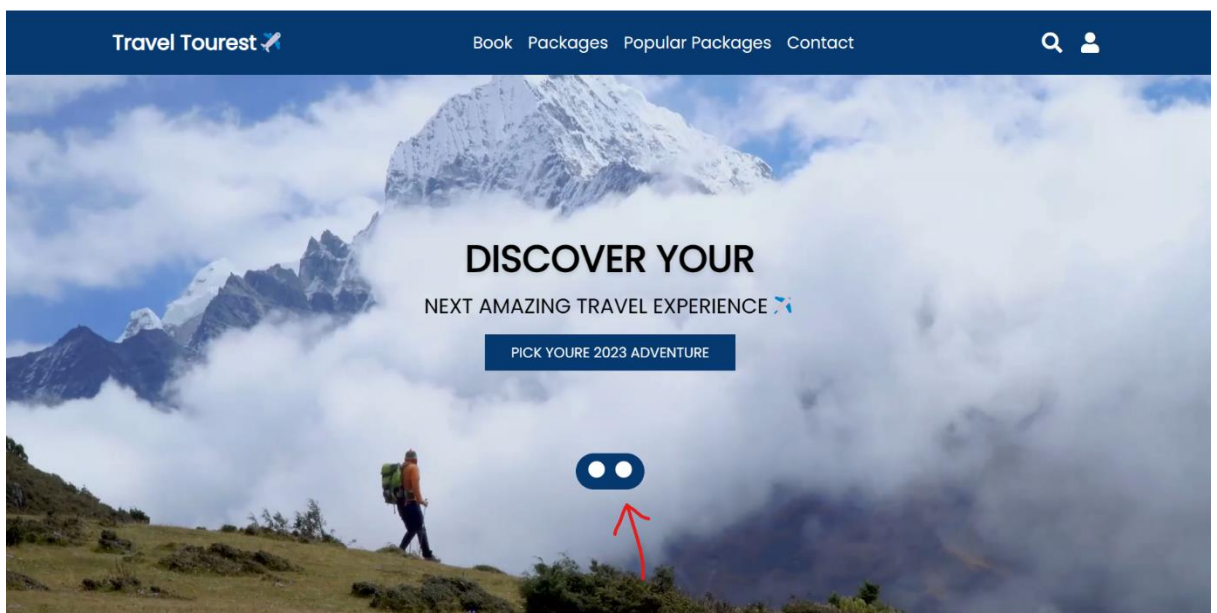

- If you are planning to go to any Adventure you can choose this website to guide you and we have the feedback who have come across

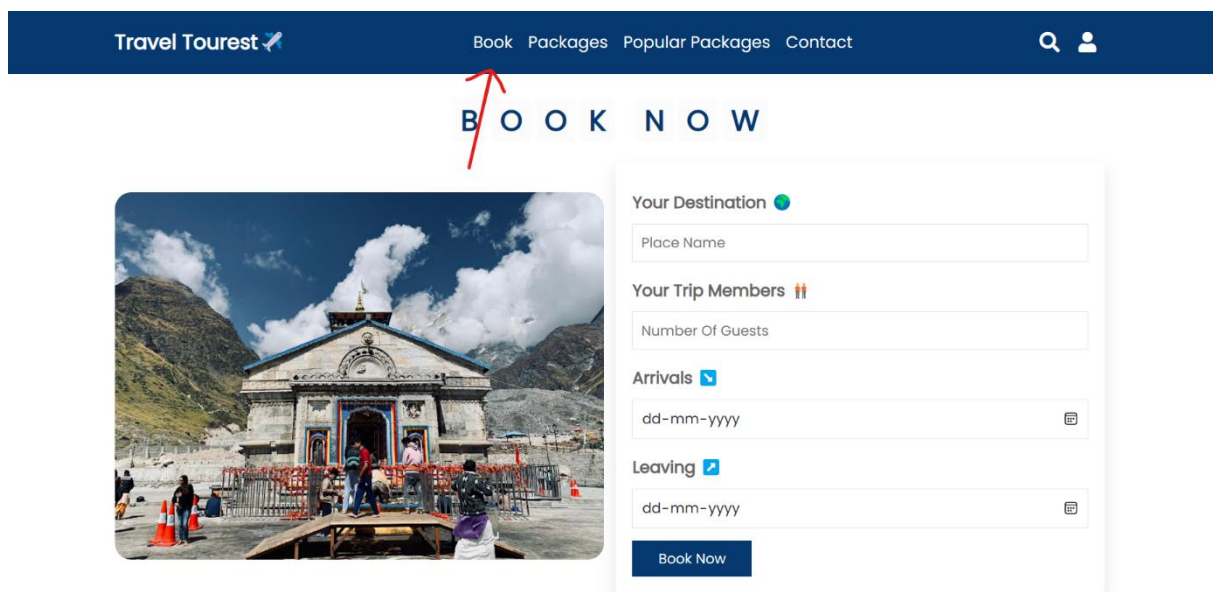

- In the home page you can able to see the buttons in the middle of the pages this button includes the videos
- If we click on the button the video gets changed

- In the nav bar we can able to see the book, packages, popular packages and contacts
- When we click on the book it is going to redirect to the booking section
